EXAMINER'S COMMENTS & STATEMENT OF REASONS FOR ALLOWANCE

Drawings

1. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(4) because reference characters "4" and "5" have both been used to designate the "grip plate". A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Allowable Subject Matter

2. Claims 1-21 are allowed.
3. The following is a statement of reasons for allowance: The closest prior art of record, DE 3101745, fails to teach each and every limitation of the instant invention. Specifically, DE 3101745 fails to teach or suggest the claimed laundry machine with slidable detergent drawer having an arresting device for operating a catch (lock) for childproofing, which is disclosed as an essential element of claimed invention, as described in independent claims 1, 8 and 15.
4. For at least the foregoing reasons, claims 1-21 are believed to recite patentable subject matter.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure:

US 5,253,494 to Frucco *et al.*, which discloses a slidable detergent addition drawer in a washing machine.

EP 0 465 800 to Gerhardt, which discloses a motorized detergent dispenser drawer in a washing machine.
